

AVENTO 110 PD

LED Indoor pendant light, black/gold, 3000K

The designer pendants in the AVENTO series have one or two powerful, TRIAC dimmable premium LED modules. The combination of the warm-white LED colour and the gold interior finish provides pleasant, well-being illumination. This aluminium pendant, which was designed for sophisticated lighting solutions, has an adjustable 2 metre long connection lead and appropriate steel wire suspensions. Thanks to the installed LED driver, the luminaires are suitable for direct connection to a mains voltage supply of 230V - 240V.
