

BIG THEO

outdoor wall light, energy-saving lamp GX53, IP44, square, silver-grey, up/down, max. 44W

Wall light of the BIG THEO series is made from aluminium and glass, which covers the lamp. Thanks to the position of the two sockets which are fitted, the mounted luminaire produces two equal but opposite cones of light (UP/-DOWN). It is suitable for use outdoors thanks to its IP44 protection class. The electrical connection of the luminaire, which comes in various colours, is directly to the 230V mains supply. The BIG THEO series includes alternative wall and ceiling lights with different sockets and can therefore be used universally.
